A MESSAGE FROM  
**EMERGENCY OPERATIONS COMMITTEE**

-----  
May 31, 2022  
5:00 PM

As of today, there are **6 active cases of COVID-19**. Chisasibi remains in Phase 4 and is in Step 3 of the Deconfinement Plan. Please see below the recommendations from the Emergency Operations Committee.

- **Individuals who are returning from the south are asked to get tested on Day 1, 3 and 5. Only positive rapid test results must be reported to (819) 855-7729 by call or text.**
- **The mandatory mask mandate in Chisasibi will no longer be in effect as of May 31<sup>st</sup>, 2022 at 11:59pm however, certain buildings such as the Airport, Hospital and Cultural Center (Museum) will still require you to wear your mask. It will be at the discretion of each local business and entity to implement/change their mask protocols and capacities.**
- Indoor and Outdoor gatherings are no longer restricted to a limited capacity however, for indoor gatherings, depending on the event and organizers, masks may be required.
- Rapid testing kits are available at the firehall from Monday to Friday 9:00 AM to 5:00 PM. Call (819) 855-7729.

Although the mandatory mask mandate has been lifted, wearing a medical mask is still very effective to help protect you and others from the virus. We encourage community members to follow all other safety measures: continue washing their hands frequently, sanitizing when entering public buildings, and staying home when symptomatic.

Stay safe!
