PUBLIC NOTICE

ROAD SAFETY

We want to inform the community of the importance of following the speed limit and the road safety laws.

The weather has changed, and there are snow and icy conditions. For all vehicles, which includes but is not limited to buses, heavy equipment, cars, skidoos, atv, etc., please watch the speed limit within the town and on the highway.

There have been several reports that community members are not following the speed limit within the town. Speeding increases the risk of a collision and personal injury to drivers, passengers, pedestrians, and other motorists. In addition, when driving on the highway, take precautions according to road conditions, reduce your speed and stay in your lane.

During bad weather, when visibility is limited, follow the speed limit, be safety conscious and be considerate of other motorists and pedestrians.

The Quebec law states that everyone should change their summer to winter tires by December 1st.

Thank you for your cooperation, and please do your part to help the community stay safe.
