WHO'S MONITORING THE SAFETY OF TAP WATER IN OUR COMMUNITY?

All Eeyou/Eenou communities are **monitoring the quality of tap water** and the CBHSSJB is always informed of abnormal results.

The drinking water sources (from springs or streams) **outside of the boundaries of the Cree communities** within Eeyou/Eenou Ischee are not monitored.

STAY HEALTHY

BY FOLLOWING THESE TIPS ON HOW TO SAFELY HANDLE DRINKING WATER IN YOUR CAMP.

For more information on tap water advisories, contact your local public health Officer, water operator or environment administrator.
